Cookham Parish Council

Small Grants made under LGA 1972 S137

S.137 of the Local Government Act 1972 ("the 1972 Act") enables local councils to spend a limited amount of money for purposes for which they have no other specific statutory expenditure.

The power allows a local council to spend money, subject to the statutory limit, on purposes for the direct benefit of its area, or part of its area, or all or some of its inhabitants. The council must also ensure that the direct benefit accruing to its area or residents is commensurate with the expenditure incurred. This means that a council should not spend a disproportionately large amount on something which has no or very little direct benefit.
